

Rake in the Fun

Leaves in the fall are so pretty to look at. But, the leaves have to be cleaned up when they fall if people want to protect their grass, and this is not an easy chore for everyone. Luckily, you can help!

First: Get together a small group of friends to go around to neighborhoods in the fall.

Second: Bring rakes, bags, gloves, and any other tools that might help you with cleaning the leaves up. Be sure to familiarize yourself with your city's rules about how they need to be disposed of.

Third: Get to raking! Be sure that you're safe! Start with people you know!

Fourth: If you belong to a religious institution, maybe offer your services to people there. Or, ask families at school if they need help! Look for safe ways to help more people!
