

# Slime Party

Having kids help kids is a great way to teach early kindness!

**First:** Identify local preschools or early childcare providers in your area. Reach out and make sure they allow slime in their facility.

**Second:** Look up slime recipes online. There are a lot of options, so find the ones that work the best for you!

**Third:** Get the materials you need, cover your surfaces to protect them from your ingredients, and as a family, make a bunch of slime!

**Fourth:** Put your creation in a cute container, then donate it to the facility! If you have any left over, play with it as a family or find a second facility to donate it to.

**Take it a step further:** Apply for a Random Acts grant to help offset the cost of supplies to reach even more kids with even more slime!
